FOREWORD

As in 1969, enrollment data for fall 1970 were collected on two separate questionnaires. The results of the first, very brief questionnaire have already been published in the report, Opening Fall Enrollment in Higher Education, 1970: Report on Preliminary Survey.

The present publication is the first of two that will report on the results of the second, more detailed questionnaire. This report contains three listings of data by institution, plus a facsimile questionnaire with overall totals for the aggregate United States entered in each of the data cells.

The other publication from this (second) survey will include a number of summary tables, with enrollment data aggregated in various combinations, and two additional institutional listings.

As always, the Office of Education appreciates the efforts of registrars and other officials of institutions of higher education who provided full and accurate enrollment data promptly and efficiently.

INTRODUCTION

This publication is one of two that will report the results of the survey Opening Fall Enrollment (Higher Education), 1970: Supplementary Information, which was part of the fifth Higher Education General Information Survey (HEGIS). The tables in this report have the same format as those in the comparable report based on the 1969 "supplementary" fall enrollment survey, so direct comparisons can be made. The first institutional table includes data on only those students in programs chiefly creditable toward bachelor's or higher degrees, distributed according to residence status, level of enrollment, sex, attendance status, and State. The second listing presents data on undergraduate students in resident bachelor's-degree-credit programs, separated into lower division and upper division enrollment and further classified by sex, attendance status, and State. The final listing is composed of enrollment data for students enrolled in programs not chiefly creditable toward a bachelor's degree, classified by residence status, sex, attendance status, and State.

The second publication to emanate from the 1970 supplementary survey will also relate directly to the comparable 1969 report. However, in addition to tables parallel to all those in the 1969 report, the 1970 report will include tables presenting enrollments in terms of full-time equivalents. The one major difference between the questionnaires used in the 1969 and 1970 surveys was that the latter included an additional column requesting the full-time-equivalent enrollment for each category of student.

The survey report form, including definitions and instructions to respondents, is reproduced as the appendix to this report. Total enrollment figures for the 2,565 institutions in the survey have been inserted in each data cell on the report form. Complete responses were received from all 2,565 institutions; however, institutions were contacted to resolve any questionable items on their reports. In addition to the aggregate U. S. totals appearing on the facsimile questionnaire form, each institutional listing includes subtotals for each State.

DUE DATE **November 15, 1970**

INSTITUTION CODE NUMBER

NAME OF INSTITUTION		ADDRESS *(City, State, ZIP code)*
CHECK HERE IF NO BRANCHES	NAME OF PARENT INSTITUTION *(If branch of another institution)*	ADDRESS *(City, State, ZIP code)*
NAME AND TITLE OF RESPONDENT		AREA CODE – LOCAL NUMBER – EXTENSION

NOTE: Data acquired in this survey will be published in listings by individual institutions.

If you need additional clarification on any item, please call Mr. George H. Wade, (202) 962-7301, in Washington, D. C.

If exact counts are lacking for a group that should be reported, please include an estimate for that group.

Please fill out a separate form for the main campus and for each branch or other campus. Do not fill out separate forms for EXTENSION CENTERS. Extension students should be reported on the form for the main campus.

PLEASE COMPLETE THIS FORM *(including reverse)* as soon as detailed enrollment breakdowns are available, but no later than November 15, 1970.

Do not include in this report:

(a) Students in noncredit adult education courses.
(b) Students taking courses at home by mail, radio, or television.
(c) Students enrolled only for "short courses."
(d) Auditors.
(e) Students studying abroad.
(f) Students in any branch campus or extension center in a foreign country.

One additional category of information is being requested this year that was not included on last year's form: the full-time equivalent enrollment *(column 6)* for each headcount total in column 5.

Please enter in column 6, on the appropriate line, the full-time equivalent which you may have already calculated for any of the corresponding headcount totals in column 5.

If you have not previously calculated full-time equivalent enrollment, the following method is suggested:

> ADJUSTED HEADCOUNT METHOD – Full-time equivalent enrollment equals the headcount of full-time students plus one-third the headcount of part-time students.

You may use the above method or any other method of calculating full-time equivalent enrollment most appropriate and/or convenient to your institution. If you do not calculate full-time equivalent enrollment figures, the U.S. Office of Education will make the calculations, using the "Adjusted Headcount Method."
